# HEADBOARDS

## THE KOKOSHNIK

Our Kokoshnik headboard takes inspiration from Volga's Russian heritage, playing on the traditional Kokoshnik headdress in a contemporary shape.

Approx height from mattress top: 55cm to 80cm relative to bed size.

## THE HUGUENOT

Our Huguenot Headboard nods to iconic building facades designed by Huguenot architects in the Cape and East London.

Approx height from mattress top: 100cm to 125cm relative to bed size.

We upholster our headboards in England within a 6-8 week delivery time.

Both shapes are available in your choice of our plain weave or print linens with a corresponding cord piping.

We also offer a classic valance to match your headboard.
